

SHOOTS

McCool Photography proudly uses the latest in digital technology to both capture and provide our customers with quality archival prints. We use top of the line professional digital cameras, Macintosh computers with the latest in updated software, and an 8-color large format professional digital printer for print production. Private farm shoots are a perfect way to take the time necessary to get the exact shots you want without worrying about a show schedule. Whether it be for Stallion Campaigns, trainer or facility advertising, or perhaps Christmas cards...we will take the time to produce dynamic and artistic personal photos exactly how you want them. Prices are as follows:
